I wanted to communicate with you regarding a situation concerning a supply teacher who was employed by the school for four days over the last two weeks. As is always the case with any employment we received notification of his clearance by the Criminal Records Bureau so that he could be employed by a school. He was engaged to cover a short term medical absence for a member of full time teaching staff who will return to work next week.

On Tuesday this week, concerns were raised about his behaviour and attitude towards some pupils in classes he was teaching. As a result of this we immediately decided that he should no longer be teaching in the school and he will not return to work here. I am confident that by investigating this matter fully and following the matter up in this way, we have taken appropriate action to ensure that pupils are entirely safe in school.

If however you have any concerns about this matter then please do not hesitate to contact my office as soon as possible.

Kind regards

Yours sincerely

James Fowler
