Dear Parent /Guardian

Re: FLU VACCINE

At Aldenham we offer yearly influenza vaccinations to all pupils and we are writing to encourage you to use this service.

We recommend that all pupils are vaccinated, particularly asthma sufferers, boarders, and pupils who have previously been off sick. The flu vaccine can greatly reduce the risk of a child contracting influenza and thus having to miss school or pass it on to other pupils or family members. **Contraindications** to this vaccine are allergy to eggs and pregnancy and in these instances the vaccine should **NOT** be given.

Boarders will receive the vaccination free of charge but there is a small fee for day pupils, usually under £10.00 per pupil.

If you would like us to vaccinate your son/daughter with the flu vaccine, please fill in the form below, sending it to us by return of post as we aim to give the vaccine before half term, therefore your prompt reply would be appreciated.

Please do not send any money with your form as you will be billed at the end of term.
