

Girls Hockey Report Season 2009-2010

Girls' hockey continued to develop step by step this year. The fixture list is gradually expanding as increased girls numbers filter through the school. The skills of the players have improved markedly with a full time coach working with them in every Games session. The U16 team represents the first cohort to have played throughout their time at Aldenham and a number of girls are beginning to shine. Jessica Oommen, Alicia and Jessica Dudack, Evangeline Noorali and Annabel Mizel have all made great strides forward. They were ably supported by Frederikke Kistrup who proved to be outstanding in her first season and won the player of the season award.

In the U15 age groups Amy Bexon is beginning to excel and Yasmin Fakouri has shown great enthusiasm. Megan Ryan would be a star player but her obligations with the Arsenal ladies F.C youth team limited her participation.

The U14 have a rich vein of talent running through the group. Hannah Sharp has been truly outstanding in terms of the huge strides forward she has made technically and for her total commitment during matches – a fierce competitor indeed. She won the junior player of the season award. Rashida Price won the award for the most improved player and looks to have a great deal to offer. Abi Pinkerton-Guyer and Valerie Tobi are also both worthy of mention for the accelerated progress they have made and Isabella Crack who plays regularly for Southgate H.C is a star in the making.

In the U13 and U12 teams Talitha Nathan won the player of the season award and Georgina Yeabsley the most improved player award, narrowly beating Alexandra Peries another year 7 girl with great potential. Grace Conway also improved hugely and Amy Flood continues to demonstrate she is an exceptional Goalkeeper.

| TEAM | OPPONENTS | RESULTS | SCORE |
|-----------------|--------------------------------|---------|-------|
| U16 A | BISHOPS STORTFORD COLLEGE U16B | LOST | 0-8 |
