St Albans 24th February

The 1st VII played very well last Wednesday afternoon against St Albans. Showing good effort, commitment and overall improvement. They are developing as together a team and there were some great individual performances from India Loddy, Emily Baker, Margaux Stones and Rosie Hartzig. As a team they started off strong and were winning in the first two quarters. St Albans then put on some of their first team players and eventually beat us 17 -10.
